EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dan Cleveland on 7/20/2010.

The application has been amended as follows:

Claim 7 is cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: Applicant has provided factual evidence that a composition comprising 8-hydroxyquinoline and zinc bonded to the 8-hydroxyquinoline is effective in the treatment of epithelial lesions. Prior to Applicant's invention, the known use of 8-hydroxyquinoline was as an antimicrobial agent, fungistat, and disinfectant. Accordingly, Applicant's arguments are persuasive to overcome the 35 U.S.C. 103 rejection set forth in the previous Office Action because Applicant has demonstrated a result (treatment of epithelial lesions) that would not have been expected based on the prior art disclosure of 8-hydroxyquinoline as an antimicrobial agent.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
